

How to get to Summerset Resort

Thank you very much for choosing Summerset Resort. The trip from Kuala Lumpur will take about 3,5 hour.
Please drive careful and enjoy the trip.

Have your camera ready as you will pass many beautiful spots that are worth making a nice picture.

From the toll at Sungai Besi you go direction Seremban.

At Seremban you take the exit Seremban/Senawang.

After you paid the toll, you go direction Kuala Pilah.

You drive through Kuala Pilah and you follow direction Bahau. When you reach Bahau you can either pass Bahau and follow direction Kuantan, or you can drive through Bahau. In the center of Bahau there is a nice small market with fresh flowers, fruits and other good stuff to eat. A nice place to take a break. When you decide to drive through Bahau, you follow Kuantan and you will get back to the correct road.

You follow the road until the junction to Muadzam Shah, AWAS, you will also see a sign Rompin there, this is the wrong Rompin, you are heading for Kuala Rompin.

When you reach Muadzam Shah you will see a junction with the exit to the left to Kuala Rompin, you drive down and at the crossing you turn right direction Kuala Rompin.

The last track to the T-junction. This is a very quiet road, please don't become Michael Schumacher on this road.

At the T-junction you see a big sign Summerset Resort 2KM. You turn left at the T-junction and after 2KM you will see the main entrance to the Summerset Resort. Report to the security guard and proceed slowly to the main building, where our staff is waiting for you and happy to make your stay a joyfull one.
